

May 13, 2024

To School of Medicine Department Directors, Administrators and Directors of Finance

Due to increased investment in administrative infrastructure to support SOM-sponsored research, **the offcampus rate for new commercial sponsored research awards will increase to 39%** from the current 34%, effective July 1, 2024.

The on-campus rate of 72% remains unchanged.

The new off-campus rate applies to all new proposals for commercial sponsored research submitted on or after July 1, 2024. Existing awards will continue under the rate in effect as of the date of their original submission, as will any pending proposals submitted before July 1, 2024.

Please share this rate update with your teams as appropriate.

Gail Daumit, M.D., M.H.S. Vice Dean for Clinical Investigation

Landon S. King, M.D. Executive Vice Dean

Ken Mount Interim Chief Financial Officer

Antony Rosen M.B.Ch.B., B.Sc. Vice Dean for Research
